

What is a Master Mason?

By: Bro. Michael Perrella

A Mason is one man's Journey in finding the truth in self.

**A Mason is a man who sees all people as Equal; I am no better than you,
than you are of me.**

A Mason is someone who sees Character, instead of race, religion, or sexual preference.

**A Mason understands the struggles of his fellow man through this life ship Journey,
and that we trudge the path to Happiness together.**

A Mason is someone who envisions the world we live in, that we all stand as ONE.

**A Mason divests his mind of the superfluities of life, creating a better world for family,
community, state, nation, and his fellow brethren, as GOD oversees the earth.**

**A Mason is someone who protects and reaches out their hand to someone who has fallen,
and fallen again.**

**A Mason is some who gives back to his community by doing charitable work
unconditionally, and seeks no reward.**

The Signs & Symbols of Masonry are picked up along the way to write this passage.

**A Mason finds joy in life, while searching for internal Light, peace,
love and internal Happiness.**

But really, what is a Mason? A Mason is true Gentleman.

**A Mason is someone who in his final days can look his Maker in the eye and say;
I lived and died as a Master Mason, I did the best I could, great and small.**

**Last but not least, I don't need to tell you this because you are a Mason,
but sometimes it's nice to be reminded.**
